Onward and Upward in the Garden Katherine S. White,2015-03-17 In 1925 Harold Ross hired Katharine Sergeant Angell as a manuscript reader for The New Yorker. Within months she became the magazine's first fiction editor, discovering and championing the work of Vladimir Nabokov, John Updike, James Thurber, Marianne Moore, and her husband-to-be, E. B. White, among others. After years of cultivating fiction, White set her sights on a new genre: garden writing. On March 1, 1958, The New Yorker ran a column entitled "Onward and Upward in the Garden," a critical review of garden catalogs, in which White extolled the writings of "seedmen and nurserymen," those unsung authors who produced her "favorite reading matter." Thirteen more columns followed, exploring the history and literature of gardens, flower arranging, herbalists, and developments in gardening. Two years after her death in 1977, E. B. White collected and published the series, with a fond introduction. The result is this sharp-eyed appreciation of the green world of growing things, of the aesthetic pleasures of gardens and garden writing, and of the dreams that gardens inspire.

Onward and Downward Jim Toomey,2017 Sherman and the crew are back, living life in their beloved lagoon as they deal with problems that sound all too familiar to us land-dwellers. But they're not the only ones to call this corner of the tropics their home. There's Arturo, the ninja lanternshark who briefly becomes Sherman's guru and mentor. Boris the fish-eating spider--who's really not so bad once you get to know him. A gang of obnoxiously sassy water bears. And one undersea spaghetti monster with a wit that cuts deeper than the Mariana Trench.

Onward Russell Moore,2015-08 Christianity Today Beautiful Orthodoxy Book of the Year in 2016. Keep Christianity Strange. As the culture changes all around us, it is no longer possible to pretend that we are a Moral Majority. That may be bad news for America, but it can be good news for the church. What's needed now, in shifting times, is neither a doubling-down on the status quo nor a pullback into isolation. Instead, we need a church that speaks to social and political issues with a bigger vision in mind: that of the gospel of Jesus Christ. As Christianity seems increasingly strange, and even subversive, to our culture, we have the opportunity to reclaim the freakishness of the gospel, which is what gives it its power in the first

place. We seek the kingdom of God, before everything else. We connect that kingdom agenda to the culture around us, both by speaking it to the world and by showing it in our churches. As we do so, we remember our mission to oppose demons, not to demonize opponents. As we advocate for human dignity, for religious liberty, for family stability, let's do so as those with a prophetic word that turns everything upside down. The signs of the times tell us we are in for days our parents and grandparents never knew. But that's no call for panic or surrender or outrage. Jesus is alive. Let's act like it. Let's follow him, onward to the future.

Onward Migration and Multi-Sited Transnationalism Jill Ahrens, Russell King, 2022-10-17 This open access book brings novel perspectives to the scholarship on transnational migration. Its constituent chapters offer examples of onward migration spanning all major world regions. The contents exemplify a range of interdisciplinary approaches, including both qualitative and quantitative methodologies. The result is an impressive remapping and reconceptualisation of global migration and mobility, of interest to students and policy-makers alike.

Onward, At Last (2017-2020) Kevin Howard, 2020-07-10 Fulfillment is the point of life...not wealth, financial security, or even good health. Yet we are socialized to focus our energies on the very goals that do not produce fulfillment. Is it any wonder so few of us know joy beyond the most fleeting moments of happiness? We deserve more. We are more. *Onward, At Last*...offer a series of commentaries intended to challenge the convictions we each hold that lead us to a life of disillusionment. Onward Elena Aguilar, 2018-03-21 A practical framework to avoid burnout and keep great teachers teaching Onward tackles the problem of educator stress, and provides a practical framework for taking the burnout out of teaching. Stress is part of the job, but when 70 percent of teachers quit within their first five years because the stress is making them physically and mentally ill, things have gone too far. Unsurprisingly, these effects are highest in difficult-to-fill positions such as math, science, and foreign languages, and in urban areas and secondary classrooms—places where we need our teachers to be especially motivated and engaged. This book offers a path to resiliency to help teachers weather the storms and bounce back—and work toward banishing the rain for good. This actionable framework gives you concrete steps toward rediscovering yourself, your energy, and your passion for teaching. You'll learn how a simple shift in mindset can affect your outlook, and how taking care of yourself physically, mentally, and emotionally is one of the most important things you can do. The companion workbook helps you put the framework into action, streamlining your way toward renewal and strength.

Cultivate resilience with a four-part framework based on 12 key habits Uncover your true self, understand emotions, and use your energy where it counts Adopt a mindful, story-telling approach to communication and community building Keep learning, playing, and creating to create an environment of collective celebration By cultivating resilience in schools, we help ensure that we are working in, teaching in, and leading organizations where every child thrives, and where the potential of every child is recognized and nurtured. Onward provides a step-by-step plan for reigniting that spark.

Onward and Upward Jim Neglia,2012-12-19 For years, I have wanted to write a book about the relentless determination it takes to succeed in the arts. Whether as a young artist in New York City, as a music coordinator of a Broadway musical, or as a musician traveling through Europe, I will share with you excitement, acclaim, and culture. Onward and Upward is the true account of my pursuit of a dream; a career in music. In this around-the-world journey, I share my stories of culture, family, laughter, friendship, wisdom, and heartache, with a generous splash of the likes of Strauss, motorcycle chases, and Hollywood. Any aspiring artist, would-be world traveler, or entrepreneur, will benefit from reading this book. Learn from another's experience about dedication, passion, and culture. Partly by means of behind-the-scene memoirs, partly by means of journal entries, we will walk hand in hand on this most extraordinary journey through a life in the arts.

World Economic Outlook, April 2016 International Monetary Fund. Research Dept.,2016-04-12 Major macroeconomic realignments are affecting prospects differentially across the world's countries and regions. The April 2016 WEO examines the causes and implications of these realignments—including the slowdown and rebalancing in China, a further decline in commodity prices, a related slowdown in investment and trade, and declining capital flows to emerging market and developing economies—which are generating substantial uncertainty and affecting the outlook for the global economy. Additionally, analytical chapters examine the slowdown in capital flows to emerging market economies since their 2010 peak—its main characteristics, how it compares with past slowdowns, the factors that are driving it, and whether exchange rate flexibility has changed the dynamics of the capital inflow cycle—and assess whether product and labor market reforms can improve the economic outlook in advanced economies, looking at the recent evolution and scope for further reform, the

channels through which reforms affect economic activity under strong versus weak economic conditions, reforms' short- to medium-term macroeconomic effects, and sequencing of reforms and coordination with other policies to maximize their potential quantitative economic benefits. A special feature analyzes in depth the energy transition in an era of low fossil fuel prices.

Reading this book, you'll learn a lot about them as well! Hiking the forty-eight, four-thousand-foot peaks of New Hampshire's White Mountains changed my life forever. It taught me more than I could ever imagine, and my quest can teach you a lot too. Have you ever wanted to embark on a life-changing adventure, but felt too scared to do it? I decided to embrace the unknown and took on the enormous challenge, the difficult and rewarding journey, and the exciting venture. I'm forever glad I did. Take a walk with me as I climb mountain by mountain, and experience the lessons and takeaways learned from each peak I summited.

Speaking Beyond Earth Paul E. Quast, David Dunér, 2024-04-03 Since the dawn of the Space Age, small cohorts of humanity have broadcast signals towards other stars, fabricated space-time capsules to speak for Earth aboard interstellar probes, deposited collections of space oddities on other astronomical bodies, and permanently incised the memory of our species across the deep-time legacy of the Sol System. Many of these purposeful messages are the consequence of age-old behaviors, traditions, and material practices using modern aerospace technologies. Most attempt to preserve narratives of human experience in social exchange devices for imagined, exotic audiences. Looking back upon this accumulative history of messaging from Earth, how do we begin to interpret such an eclectic portrait of Earth for ourselves? Surveying and cataloguing the variety of these artifacts through a series of interdisciplinary essays and visual documentation, this volume chronicles our changing relationships, customs, and assumptions made within this material culture for our own eyes. What do these autobiographical accounts tell us about Terrans and our minds, set against the backdrop of our planetary history?

Central African Economic and Monetary Community (CEMAC) International Monetary Fund. African Dept., 2019-01-03 The regional strategy has helped to avert an immediate crisis but continues to face headwinds: two countries have yet to enter financing arrangements with the Fund: regional reserves have underperformed despite higher-than-projected oil prices; the projected recovery of non-oil growth has still to materialize; and the security, social, and political context remains challenging. Consistent with the policy assurances it had provided, the BEAC has taken corrective actions, including an increase in its policy rate, to address the NFA underperformance and has made substantial progress toward finalizing by end-year the modernization of the monetary policy operational framework and the drafting of new

foreign exchange regulations. A follow-up letter of support provides updated policy assurances on the NFA path. The medium-term outlook continues to see a gradual improvement in the economic and financial situation but is subject to substantial downside risks, including further delays in the approval of financial arrangements with Congo and Equatorial Guinea, lower oil prices, and tighter global financial conditions. The region continues to face daunting challenges to diversify its economy, with a poor business environment and high perception of corruption.
